**Failure is not an option at LBC**

Any student who incurs an F, for a quarterly grade, will be required to make up those failures during Summer School to avoid retention at grade level. Failure for a year’s course will be determined as follows:

1. If a student receives 2 quarter grades of F in a single, yearlong class, it will be left to the discretion of the teacher/grade level team to determine if the student may make up this work in the summer or if the class is failed.
2. If a student receives 3 or 4 quarter grades of F, the class is failed and will need to be repeated the following year.

If there are 2 or more classes failed in a quarter, a special team made up of the principal, guidance counselor, advisor, any specified core or specialty teachers, and the parent or guardian will be convened to determine if retention, summer school, alternative programming, or referral will best serve the educational purposes for that individual student.

*5th Graders are responsible for their independent success*
