*The Two Rivers Public School District utilizes a Common Curriculum for all Kindergarten classes within the district. However, it is not unusual for each Kindergarten teacher to implement their own teaching style (in the context of the common curriculum), within their classroom. As such, we want you to be aware that your child's Kindergarten teacher has requested a few additional items to enhance your child's classroom experience. It is greatly appreciated. In kindergarten we go through supplies very quickly, especially in the beginning of the year when we are learning how to be responsible. Several times throughout the school year we will be asking for donations in order to replenish low classroom supplies. We appreciate your understanding and thank you for your support!*
