Written notice of this meeting has been sent to the news media on Wednesday, Sep 29, 2021.

Agenda Items:

District news / updates - Sarah will create deliverables for the end of our time together so we get to the point we want to. Sarah suggested we create a facility tab on the website to access documents-Diane will share Barb's email address with Sarah.

Community engagement-how do we engage the community? Do we have space saving ideas? Ex...could the IMC be shrunk and used differently? Can we be more efficient? Not sure with the challenges of space since the buildings are older and already challenged for space. Other areas that need attention are the outdoor spaces such as parking lots, traffic flow, and playgrounds.

Review the staff survey-anything to add or any themes emerging? Clint asked principals to send out the survey again for additional responses and feedback.

Proposed site plan: Kept existing configuration on the table as well as C and D looking at a PK-5 type model. All four buildings were reviewed with three possible options for each building. Speaking with the city will be important as Clarke and Magee's expansion would require the district acquiring a piece of city-owned land. Clint also asked the committee for the importance of band should fifth grade move to the elementary schools and space for all day 4K as that is the current trend in many school designs.

Future meetings:

- a. October 14, 28
- b. November 11 or 18

Mr. Canty adjourned the meeting at 6:05pm.

Respectfully submitted,

Sheila Bialek, Administrative Assistant
